

Welcome to the People's Parish Restalrig-Lochend-Craigentenny Resource Pack!

Gathering stories, customs, memories, local and oral history of the Restalrig-Lochend-Craigentenny area.

Throughout 2022, over 80 folk shared their local stories, memories and views on this place with us. It was brilliant to meet everyone! We have compiled highlights into this small digital collection for the community - a resource for learning about or rediscovering the remarkable story of this place and being inspired by the people who have made things change. There is so much to be proud of here - the stories bring landmarks around us alive.
